

NATURAL ENGLAND HIRE FEES - Natural England NNR's

Natural England charges for any commercial filming or photography unless it's for news gathering or the content is something the NE Press Office wants to endorse.

If the production is filming with cranes, specialised camera mounts, or the action involves stunts, weather effects, animals, drones, vehicles or weapons, it is most likely you will be charged for NE staff and/or an ecologist to assess the application. It is most likely that the production will be asked to cover the costs of having a Reserve Manager and/or an ecologist escort the film crew.
